4.2 Invoices are due immediately without deduction to our account in the Federal Republic of Germany, in EURO (€).

4.3 In case of any delays in payment, we shall be released from any obligations to effect any further deliveries resulting from any contract. Furthermore we reserve the right to require payment in advance in any such case or if we have reason to believe that there could be a delay or failure of the customer to fulfill his paying obligation.

5. Reservation of proprietary rights

5.1 The delivered products shall remain our property and title shall not pass to the customer until all open liabilities of the customer have been fully paid for.

5.2 The customer may resell products in the normal course of business provided the claims arising from the resale have not been assigned, pledged, attached or otherwise encumbered.

5.3 The customer assigns to us in advance any claims arising from the resale of the delivered products up to the amount of our invoice. Any and all revenue received by the customer relating to the resale shall be used exclusively for paying any amounts due to us.

5.4 In the event of delay in payment, we are entitled to withdraw from the contract and/or, even without withdrawal, to demand that reserved goods still available at the customer be handed over to us and to collect the assigned claims ourselves. We have the right to reclaim any products which are still in the customer's possession.

6. Liability for defects

6.1 We are liable that our products are free of defects at the transfer of risk. Qualities, performance or other features shall only be binding if we have expressly agreed on them as specification of the product in writing. Immaterial deviations from the agreed quality or non-essential restrictions in usability are, however, of no significance. Details in advertisements and instructions for use or reference to industrial standards shall not constitute agreed qualities or the taking-on of particular obligations.

6.2 If the customer requires the products for special purposes which exceed the agreed or anticipated use, he must check before use if the products are suitable for such purposes - including all aspects pertaining to product safety - and customer is required to ensure that products comply with all relevant technical, legal and official regulations and requirements. We are not liable for any damages caused to the customer and/or to his property or any subsequent user if such proper verification has not been performed by the customer and proper written authorization was not obtained from us.

6.3 In case of a defect the customer has to set us a reasonable period of time to enable us to eliminate the defect either - subject to our discretion - by repairing the product or supplying a product free from defects (subsequent performance according to § 439 BGB). In the event of rejection, impossibility or failure of subsequent performance, the customer has the right to demand a reduction of the purchase price or - provided the performance in question is not construction work - to withdraw from the contract.

In case that additional expenses to repair or replace the products arise because the customer has transferred the products after delivery to another place than the agreed place of performance the customer has to bear the additional costs.

6.4 The customer has to inspect the products as to quantity and defects immediately on receipt and has to notify any apparent defects immediately. Hidden defects are to be notified immediately after being discovered. Failure to meet these obligations excludes any and all potential claims for these defects.

6.5 We are further not liable for any damages following improper use, handling, maintenance, operation or processing or on normal wear. This especially excludes liability for results of thermic, chemical or electric impact on the products or in case that the defects are caused by measures of the customer not confirmed by us.

6.6 Our liability for slight negligence is restricted to claims based on injury to life, body or health, to claims arising from the Product Liability Law and to claims arising from the culpable infringement of essential contractual obligations, with said infringement putting the purpose of the contract at risk. Our liability for the slightly negligent infringement of essential contractual obligations is restricted to typically occurring damage foreseeable by us at the time the contract was signed.

6.7 Claims against us based on defects are subject to a statute of limitations of one year as of the delivery of the goods to the customer/acceptance of the service by the customer. The same shall apply accordingly to claims for damages, for whatever legal reason.

The restriction of the period of limitation shall not apply for claims based on fraudulent concealment of a defect, for claims based on the Product Liability Law as well as for claims arising from injury to life, body or health, and for other damage based on intent or gross negligence.

6.8 If, in the course of the examination of a defect of which the customer has given notice, or in the course of our subsequent improvement work, it should turn out that the notice of defects was not justified, we shall be entitled to charge reasonable compensation for the examination and/or repair work.

7. Spare Parts

Our obligation to storing / delivery of spare parts lapses latest five years after delivery of the original product. Spare parts are charged according to the currently valid Price List.

8. Industrial proprietary rights, secrecy

8.1 We reserve ownership in any moulds, samples, diagrams, commercial or technical documents provided by us as well as all copyrights, proprietary and intellectual property rights in any such item. This applies also if the customer has partly or wholly borne their costs. The customer may use all such items only in formats approved by us in writing, he is neither entitled to manufacture these items nor to have them manufactured on his behalf.

8.2 The customer is responsible that the use of drawings, models, samples, or instructions as provided to us by the customer shall not infringe industrial property rights or other rights of third parties. The customer shall be liable for payment of all expenses, awards, damages, and other compensation to outside parties and all cash and non-cash expenses in defending any allegation of such infringement.

8.3 All information acquired through the business relationship which is not deemed to be public knowledge shall be deemed proprietary and may not be disclosed to any third parties.
